Lot 146B (1 German Bible) **A 1545 Froschauer Bible** printed in Zurich, Switzerland. There are only 5 known copies in the United States and Canada. This Froschauer is now the 6th known copy. This Bible was donated by Stoltzfus/Zook family members to be sold at the sale. When we received the Bible, it was missing the original covers and we had it rebound with a classic leather cover. The two front and two back pages are frayed with torn edges from age related atmosphere and moisture. The text and illustrations are all intact and are in very nice condition for a book that is almost 500 years old. A very rare book with Zook, Eby and Graybill family names and cursive German text written on front and back pages.

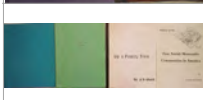

Lot 147C (1 German Fraktur) Includes the ABC and lowercase letters in German. The lower part of art work is very detailed rooster design. It measures 7.5x12 inches. It is fragile but very unique. On the lower left are the initials BK and we assume the initials are for Barbara King and year may be 1842. In the lower right somewhat concealed in the design is the name John King. We assume this may have been Barbara's brother John. The fraktur was inside the cover of the 1545 Froschauer Bible. The connection to Simon Zook is that he married Barbara King. If the date of 1842 is correct, then this is one of the older fraktur designs known among the Pennsylvania Amish.

Beautiful Table Settings - by Esther Stoltzfus

Do old dishes matter and what is their value? My answer is yes; vintage and antique dishes do have value (check replacements.com or eBay!) and yes, from an artistic and sentimental value, beautiful dishes help create an atmosphere in our homes. Corner cupboards and china cabinets in many homes are filled with dishes that have been lovingly passed down.

I grew up in the south where many of my friends created beautiful tables with china, crystal, silver, and linens and some even kept their tables set as part of their ongoing decorations. I am part of a Facebook group called **Beautiful Table Settings** that started in 2019 with 5 members and is now an active group of nearly a quarter million members who love and collect dishes.

Setting a table with real dishes takes a bit more time but is cheaper (no paper and plastic) and it becomes an event where memories are made and a meal of delicious food is elevated to an experience.

The china below has been donated to the Nicholas Stoltzfus Homestead for our 2024 auction. Before you decide "nobody cares about china", check out the value of these dishes and choose a set for yourself or your family. Local delivery within 60 miles available.
